

## REORGANIZATION AND POST-MERGER INTEGRATION

**Program Title:** How to Lead Post-Merger Integration Projects:  
5 Keys to Maximizing Efficiency and Productivity

**Program Duration:** 60 to 90 Minutes

**Audience:** Executives, Managers

**Program Purpose:** After all the work before an acquisition or merger announcement, there's the daunting operational task of bringing people together to realize anticipated cost savings and new market opportunities. This executive learning session is designed to give leadership teams five key practices they can implement right away to create an effective transition process, making them as "people smart" as they are strategically intelligent for the sake of financial success.

### **Program Benefits:**

- √ Overcome resistance
- √ Develop strong coalitions in support of new strategic opportunities
- √ Build and implement clear, effective communication campaigns
- √ Learn to integrate diverse talents and operating cultures
- √ Prevent derailment of strategic business initiatives

**Presenter:** A. J. Schuler, Psy. D., is an experienced consultant, Wharton School graduate and Doctor of Psychology. To learn more about his services, click [here](#) for Schuler Solutions, Inc.
